

CARE OF PEARLS

Your pearls are precious. You will be deriving pleasure from them for years to come, so treasure these luxurious objects of beauty and treat them with the care they deserve.

- Always apply cosmetics, perfumes and hair spray before putting on your pearls.

- Clean your pearls regularly with a soft cloth dampened with water.

- To ensure safety, It is advisable to have your pearls re-strung approximately once a year, depending on frequency of wear.

- Store your pearls away from other jewellery and sharp, hard objects which might scratch the surface.
